Paint Theme**

1/3 scale Aeronca on floats

Sea Plane Trainor

Pod Plane Pusher

Ikron

E-Cub on floats

### **First VF-22 Slot Drive**

**Thrust Vectoring Jet , extremely aerobatic!, 32,000 RPM and noisy**

**Takes off and lands on Water**

**Sorta foam knee board float, that worked well after a step was added**

**On the bottom**

A photograph of a wooden interior, likely a cabin or a boat's cabin, featuring a wooden ceiling and walls. A white ceiling fan with four blades is mounted in the center. Various items are hanging from the ceiling, including a red and white striped object, a framed picture, and a yellow and red striped object. The lighting is warm and yellowish. The text "First CL 415" is overlaid in white on the left side of the image.

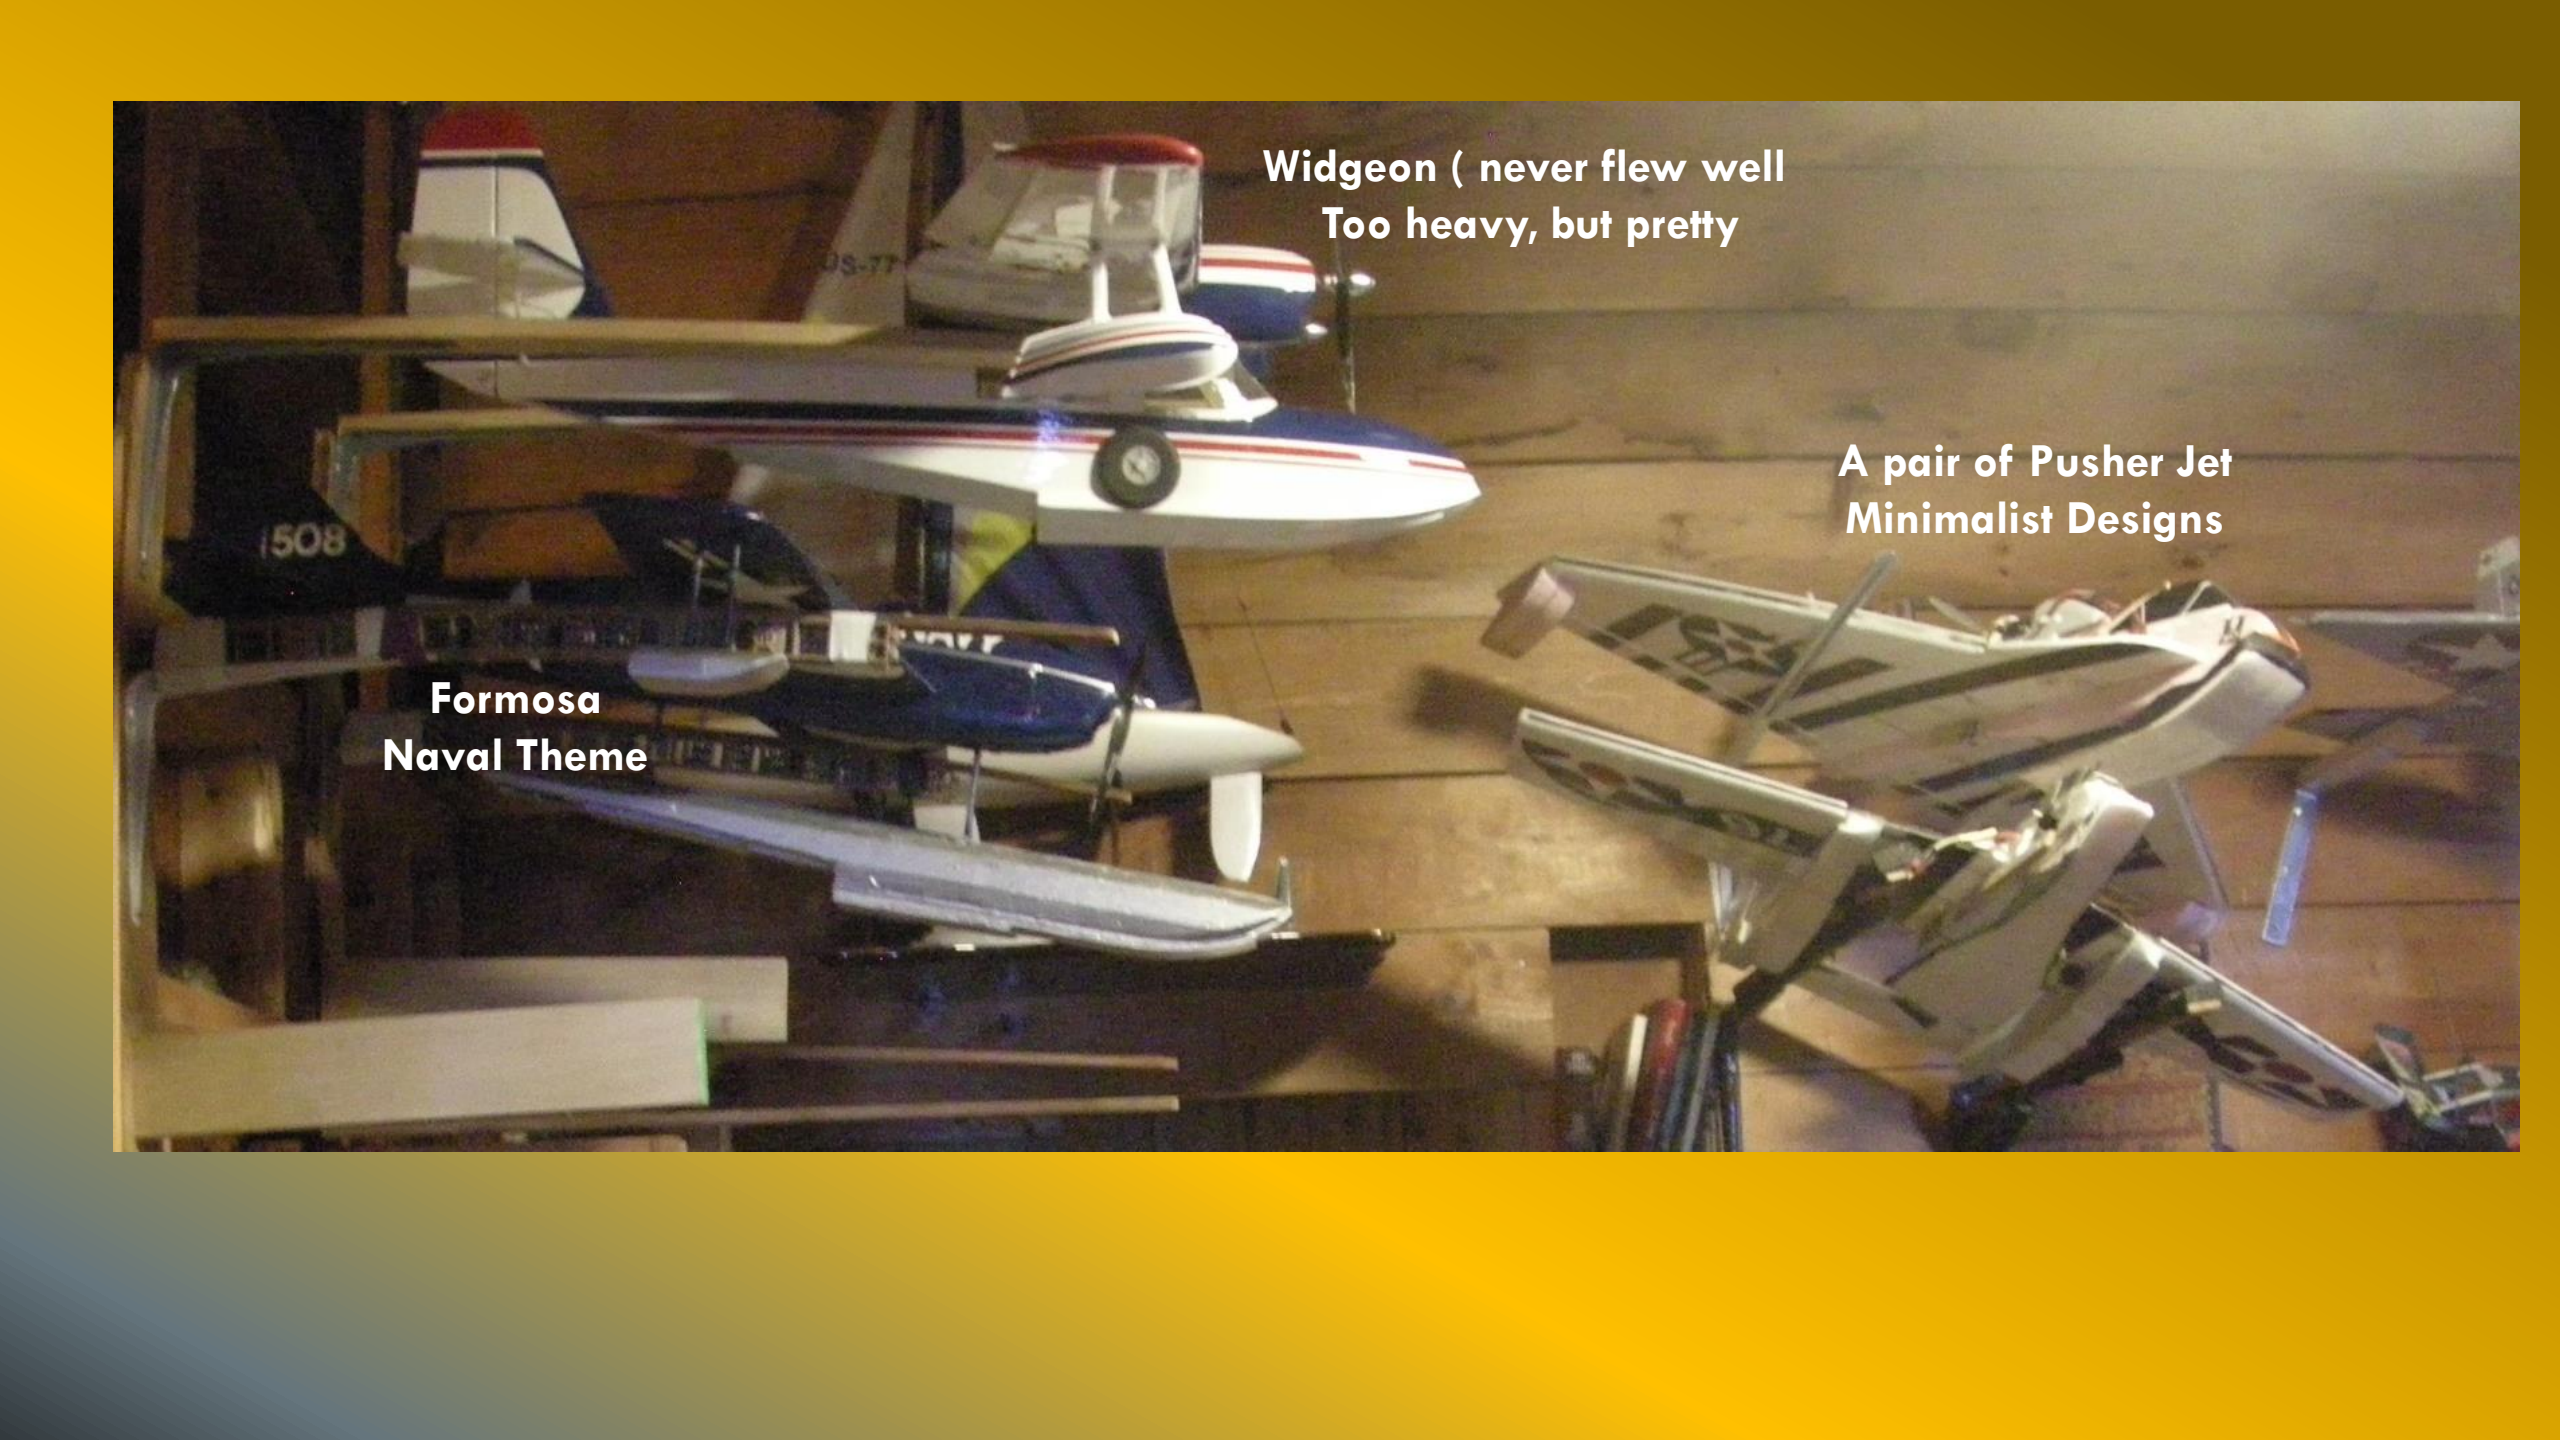

First CL 415

6ft electric Telemaster on floats

**First Catalina**

**Wilga on floats  
Awesome flyer**

Widgeon ( never flew well  
Too heavy, but pretty

A pair of Pusher Jet  
Minimalist Designs
